The activity of the tobacco buyers who are getting ready for the coming season indicates a fine market for Manning this year. The growers throughout the county will be able to dispose of their product in Manning this season at an advantage because the buyers will not fail to recognize the competition of other markets, and they are going to make the effort to have Manning second to none. We hope all of the farmers who planted the yellow weed will encourage this market by bringing their product here. To have a good market is to the interest of the growers to do their part, and we feel sure if the Clarendon farmers will stand by the warehouses here it will be profitable to them.

The same principles will apply in the coming Battle of Armageddon. God's side of that battle will be the people's ists, and hot-headed radicals of every class prefer peace at almost any price. A comparatively small number, God's consecrated people, will at heart be longing for Messiah's Kingdom. These will bide the Lord's time and wait pa tiently for it; they will be of good courage, knowing the outcome outlined in the "more sure word of prophecy." to which they have done well to take heed, "as unto a light shining in a dark place until the Day dawn."-I Peter i. 19.

The masses will seek relief through the ballot and penceful re-adjustment of earth's affairs for the elimination of evil, for the placing of monopolles and utilities and the supplies of nature in the hands of the people for the public good. Armageddon Not Yet but Soon. For forty years the Armageddon forces have been mustering for both sides of the conflict Strikes, lockouts and riots, great and small, have been merely incidental skirmishes as the belligerent parties crossed each other's paths. Court and Army scandals in Europe, Insurance, Trust and Court scandals in America, have shaken public confidence. Dynamite plots, chargployers, have further shaken confi dence and tended to make each distrustful of the other. Bitter and angry feelings on both sides are more and nore manifest. The lines of battle are daily becoming more distinctly marked. Nevertheless Armageddon cannot yet be fought. Other matters intervene, according to prophecy. Gentile times have still two years to

run. The "Image of the Beast" of our context must yet receive life-power. The Image must be transformed from a mere mechanism to a living force Protestant Federation realizes that its organization will still be futile unless it receive vitalization-unless its clergy directly or indirectly shall be recognized as possessed of apostolic ordina tion and authority to leach. This the prophecy indicates will come from the two horned beast, which, we believe, symbolically represents the Church of England. High-handed activities of Protestantism and Catholicism, operating in conjunction for the suppression of human liberties, await this vivifying of the Image. This may come soon. but Armageddon cannot precede it, but must follow-perhaps a year after it. according to our view of the Prophecy Still another thing intervenes: Although the Jews are gradually flowing into Palestine, gradually obtaining con trol of the land of Canaan, and al though reports say that already nine teen millionaires are there, nevertheless prophecy requires an evidently larger number of wealthy Hebrews to be there before the Armageddon crisis be reached. Indeed we understand that "Jacob's trouble" in the Holy Land will come at the very close of Armageddon. Then Messiah's King dom will begin to be manifested Thenceforth Israel in the land of promise will gradually rise from the ashes of the past to the grandeur of proph ecy. Through its Divinely appointed princes Messiah's Kingdom, all-powerful but invisible, will begin to roll away the curse and to lift up mankind.
